Must be a stand-alone system, including the capillary electrophoresis instrument, integrated software for instrument control, data collection, quality control, and an on-instrument interface allowing for uploading of protocols and downloading of run files using a USB interface and remote access via network connection. 2. Must support DNA Sanger sequencing and DNA fragment analysis applications using different polymer compositions to maximize run performance 3. The system should have a minimum of 4 capillaries 4. Must have an automated sample injection system compatible with an 8-well strip tube 5. Sample Capacity should be minimum of 32 samples 6. The system should be able to detect and analyze a minimum of eight (8) fluorescent dyes simultaneously for DNA fragment analysis. Should be enclosed an 8-Dye Run data of the STR kit for the quoted system. 7. Must have prepackaged consumables (buffers, polymer and array) with reporting of consumable usage, serial and lot numbers and expiration dates for consumables as well as on-instrument expiration date via 2D barcode. 8. All Consumables must be provided separately and must allow for the installation of each consumable individually. 9. The system should include pre-loaded assays for the most used commercial chemistry kits for fragment analysis and Sanger sequencing. 10. Must allow for a Sanger sequencing typical read length of minimum 800-1000 bases using a standard run time of 60 minutes or equivalent and 500-600 bases using a fast run time of 30 minutes or equivalent. 11. Must allow downloading data off the instrument, monitor a run, set up strip layouts, and edit protocols and assays through a local network connection via LAN and not via cloud. 12. Must allow to edit strip sample	1	45 Days from the issue of Supply Order.	Dept. of Veterinary Microbiology, CVSc. AAU, Khanapara, Guwahati

		information and edit protocols using excel spreadsheets that can then be imported directly into the instrument. 13. The data output of the software must be a chromatogram file, such as .fsa or .ab1 14. System shall be supplied with a starter kit containing all required consumables necessary for installation. 15. One Compatible Laptop / PC with an updated version must be supplied with the system. 16. One Consumable set besides the starter kit must be supplied along with the system. 17. Warranty: Minimum 12 Months Accessories : 1. Automated Nucleic acid Extraction system Desired Specification : - The system should be based on magnetic bead-based separation technology - The system should be compact and automated extraction system for the extraction of DNA/RNA and total nucleic acid. - The System should be capable of carrying out the extraction of at least one sample at a time. The maximum capacity should be more 15 or above in pre-filled, ready-to-use format. - The system should have a processing volume of 30-1000ul. - On equipment processing time should be less than 30 minutes. - The collection efficiency of magnetic beads should be $\geq 99\%$. - The system should have an internal memory of ~500 files and should have software supporting control of the instrument, creation, modification, and storage of ~500 extraction protocols as well as customization of protocols. - The system should have a UV port for importing and exporting the programs. - The system should have a temperature setting range from RT to 25°C - 120°C - The system should have a User-Friendly LCD screen display and an Android software system. - The system should be compatible for nucleic acid extraction from multiple sample types including plasma/serum, blood, swab samples, saliva, tissue and other body fluids. - The system should have a Provision of an inbuilt UV source for the decontamination of the device. - The kits supplied should be supplied in a prefilled, ready-to-use format with no manual intervention. - The system should be EU-CE IVD certified.			
--	--	--	--	--	--

		o. User/Technical/Maintenance manuals in English should be supplied with the system.

(d) Bidder shall furnish documentary evidence to substantiate that the machines to be supplied conform to the laid down technical specifications & standards, as relevant through brochure, catalogue, test report, warranty/guarantee etc. of the manufacturer.

9. Validity of Quotation: Quotation shall remain valid for a period not less than 90 days after the deadline date specified for submission.

10. Signing of Quotations: The name and position held by each person signing the quotation and related documents must be typed or printed below the signature.

11. Quotation Submission: The Letter of Quotation – Technical Part, and Letter of Quotation – Financial Part shall be filled, signed and scanned copies shall be uploaded along with the Price Schedules that shall be furnished using the Forms available online without any alterations. All blank spaces shall be filled in with the information requested. Scanned copies of all other documents shall also be uploaded on this website.

12. Online Opening and Evaluation of Technical Parts of Quotations: The 'Technical Part' of the Quotations will be opened online on the specified date and time. This can also be viewed by the bidders online, and an electronic summary of the quotation opening of the technical part will be generated and uploaded online. The Financial Parts of the Quotations shall remain unopened in the e-procurement system until the subsequent online opening, following the evaluation of the Technical Parts of the Quotations.

- a) The Purchaser shall examine the technical part of the quotation to determine whether the quotation (a) has been properly signed (Clause 10); b) meets the eligibility criteria (Clause 1); (c) conforms to all terms, conditions, technical specifications, warranty/guarantee etc.; and (d) the bidder has accepted the delivery schedule (Purchaser's Requirement Form 1).

- b) Only those quotations that are both substantially responsive to the NIQ document and meeting all Qualification Criteria shall qualify for opening of the Financial Parts of their Quotations at the second online opening.
- c) Purchaser shall notify in writing those Bidders who have failed to meet the Qualification Criteria or whose Quotations were considered non-responsive to the requirements in the NIQ document, advising them that their Technical Part of Quotation failed to meet the requirements of the NIQ document; and that their Financial Part of the Quotation shall not be opened.
- d) Simultaneously Purchaser shall notify online those Bidders whose Technical Parts of Quotations have been evaluated as substantially responsive and meeting the Qualification Criteria that their Quotation has been evaluated as substantially responsive to the NIQ document and that their Financial Part of Quotation will be opened online.

13. Online Opening and Evaluation of Financial Parts of Quotations: The 'Financial Part' of the Quotations will be opened online on the specified date and time. This can also be viewed by the bidders online, and an electronic summary of the quotation opening of the financial part will be generated and uploaded online.

- a) The Purchaser shall examine and confirm that the Letter of Quotation – Financial Part and Price Schedules are in accordance with the requirements specified in the NIQ document. If any of these documents or information is missing, the offer shall be rejected.
- b) The evaluation shall be based on the total price of Goods and Related services at the project site, including GST and any other taxes, which will be payable on the finished goods at the time of invoicing.

14. Award of contract: The Purchaser will award the contract to the bidder whose quotation has been determined to be substantially responsive and who has offered the lowest evaluated quotation price.

- a) Notwithstanding the above, the Purchaser reserves the right to accept or reject any quotations and to cancel the bidding process and reject all quotations at any time prior to the award of the contract.
- b) The bidder whose quotation is accepted will be notified of the award of the contract by the Purchaser prior to expiration of the quotation validity period. The terms of the accepted offer shall be incorporated in the supply order.
- c) Payment shall be made after successful installation, demonstration and commissioning of the equipment.
- d) Normal commercial warranty/ guarantee shall be applicable to the supplied machines as desired.

15. Performance Security:

- a) Within 15 days of receiving letter of acceptance, the successful bidder shall submit the Performance Security in the form of a Demand Draft from any Nationalized Bank, drawn in favour of "Director of Research (Veterinary), Assam Agricultural University, Khanapara" payable at State Bank of India, Khanapara Branch (09945) for an amount equivalent to 5% of the offered price.
- b) The Performance Security furnished by the successful bidder will be retained by the AAU up to one year from the date of completion of the installation and commission of the equipment. The Performance Security instrument held by the office till it is returned to the successful bidder will not earn any interest. Failure of the successful Bidder to furnish performance security and sign the agreement within the period stipulated shall constitute sufficient

grounds for annulment of the award and forfeiture of the Bid Security, in which case the Employer may make the award to the next lowest evaluated bidder or call for new bids.

- c) If the successful bidder, after signing the contract, withdraws the work, then the purchaser will be liable to forfeit the performance security.

16. Payments:

- a) All payments to the successful bidder shall be made by Account Transfer only.
- b) All taxes (including GST, etc.) shall be dealt with as per the Govt. laws
- c) No advance payment will be considered for the works mentioned in the quotation.

17. Delay in Delivery: In case there is a delay in delivery beyond the stipulated period, there shall be a reduction in price @ 0.05% of the value of the delayed delivery per week of delay, subject to a maximum of 10% of the total order value.
